# abdo attack

**Micro-electronic patches: fulminant attack on abdominal fat**  
mesoestetic®, leading company in technological innovation, has developed the ultimate measure to fight localized fat in men's abdomen: micro-electronic patches combined with a gel that is rich in firming and reducing agents. Revolutionary innovation: abdominal patch that generates microelectronic impulses that enable active principles to penetrate the skin. The treatment all men were waiting. Virtual mesotherapy within your reach. Quick, effective and definitive.

Microelectronic patch:  
10 microbateries  
20 minutes  
5 times more penetration

Concentrated  
active gel:  
· Reducing  
· Firming

Exclusively available at MEDICAL  
AESTHETICS & SURGERY at # 09-09 Paragon Medical Centre  
290 Orchard Road, Singapore 238859
